OF
CAMPBELL AND COMMUNITY

Vol. 34, No. 42.

CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA.

FRIDAY, APRIL 20, 1928

No traces of mildew have been found in the 27,000 acres of cantaloupes and honey-dew melons planted in the Imperial Valley this season, according to J. B. Norton, mildew specialist, who has just completed a survey of the melon area. The cantaloupe outlook is excellent, says Mr. Norton, with prospects that the first car will leave the valley by the last of April or the first of May.

Anna Fayne Piche, a Holstein cow owned by the Los Angeles County Farm at Hondo, California, has broken the world record for butterfat production in the 305-day division of the senior two-year-old class. She produced 794.32 pounds of butterfat from 23,208.3 pounds of milk.

Sheep shearers are gathering in Tehama county in large numbers for the opening of the sheep shearing season which is expected to get under way this week if weather permits. The wool crop of the county is expected to run well over a million dollars this Spring and it is said by wool growers that more than 95 per cent of the crop has already been contracted for.

California's butter production during February showed an increase of 11.41 per cent as compared with February, 1927, whereas the United States as a whole showed a production gain of only 1.87 per cent. The State Department of Agriculture announced a few days ago. State-Federal records, said the statement, disclose a drop in the butter output of Washington and Oregon.

In spite of larger supplies of American rice, both in the Southern states and California, the total exports to foreign markets so far this season have been slightly smaller than in the same months of 1926-1927. The decline in exports has been due largely to the falling off in the shipments of California rice, since exports of Southern rice seem to have been on a somewhat higher level. The increases of about 12 per cent in the 1927 rice crops of both Japan and China over 1926 has been the principal factor in restricting the outlet in Japan for California rice this season. The final estimate of the Japanese rice crop indicate a production of 19,509 million pounds (in terms of cleaned rice) as compared with 17,362 million pounds in the preceding year.

Fresno spring lams, among the earliest in the American markets, and in big demand, will bring sheep men to the immediate vicinity of Fresno approximately \$2,000,000 this spring, according to estimates. Large shipments of lams have been going to Los Angeles and San Francisco daily, the young stock bringing an average of about 13 cents on the cars, and the lams weighing approximately seventy-five pounds each, according to J. M. Urriarte, one of the leading sheepmen of the district. The spring lamb crop in the Fresno area will amount to approximately 300,000 head this year, it is estimated, and due to the heavy demand, the entire crop will be contracted for by May 15, the sheepmen say.

Figures just released on the dairy survey recently completed in Tehama county by the agricultural extension service show that the survey covered 238 farms, involving 31,499 acres, and that 85 per cent of the farms were owned by their occupants. It was also found that 6,772 acres of this land was under irrigation. The survey of the 238 farms where there were four or more mature dairy cows showed a total of 2,258 2-year-olds or older, 782 1 to 2-year-old heifers and 724 heifers under a year. The extension service has estimated an average of one and one-half cows to the other 1,400 farms in Tehama county, making a total of 4,258 cows.

Approximately 100 essays by high school students who are competing for prizes in a contest on the subject of the California Grape Industry, sponsored by the California Vineyardists' Association, were forwarded last week to the twelve counties of the State where grapes are largely grown, to be judged by representative grape growers. Winners will be chosen in each of the ten districts and from these a winner for the whole State will be named. Prizes of \$25, \$15 and \$10 will be awarded in each district, and the State winner \$100 extra.

Golden State

News of Interest to All

With a total valuation of \$2,112,000,000 for all structures in Los Angeles, buildings in that city now represent 1.17 per cent of the aggregate value of all buildings in the country, which is reported to be \$180,370,000,000. Using the assessed valuation of improvements to real estate in the city limits as a basis for the figures, that conclusion was arrived at in a study just completed by Alfred T. Pelton, president of the Interstate Mortgage and Investment Company.

With physicians and surgeons expected in attendance from every part of California, the annual convention of the State Medical Association will open in Sacramento April 30, continuing through May 3. Convention sessions will be presided over by Dr. P. T. Phillips of Santa Cruz, association president and also head of the State Board of Medical Examiners.

Will Rogers, famous humorist, was a few days ago issued a challenge through the Sacramento "Union" to a chariot race by W. I. "Wild Bill" Elliott, Sacramento automobile dealer. Elliott posted a check for \$1,000 with the suggestion that Rogers cover it if he desires. If Rogers accepts the race will be staged at the "Days of '49" roundup, scheduled for June 1-3 at the State fair grounds.

For the first time in California's history, a woman at Los Angeles presided in Superior Court at Los Angeles. She is Judge Georgia Bullock, of Los Angeles. For several years she has been a municipal judge, the first of her sex elected to that post in the State. She was recently appointed by the State Judicial Council to preside in the higher tribunal for three months as an "emergency" judge.

Three thousand visitors to San Francisco are expected for the triennial national convention of the Brotherhood of Locomotive Firemen and Engineers, to be held in the Civic Auditorium June 11 to July 4. A. H. Hawley of Cleveland, general secretary and treasurer of the brotherhood, arrived in San Francisco a few days ago to complete arrangements. The Ladies' Society of the brotherhood will hold its convention at the same time.

Lease of the State-owned dam site near Folsom prison to private interests planning water and power developments on the American river must be accomplished by July 29, or not at all under the terms of existing legislation, it was disclosed last week by Alexander R. Heron, State director of finance.

Trick words have been banned from the annual State Fair spelling contest. This announcement is made by Mrs. Jane Amundsen, superintendent of the vocational department of the fair, who is in charge of the preliminary try-outs for the event which is now being conducted in most of the high schools and many of the elementary schools of the State. Proper names, not frequently used, are among those coming under the ban. Total cash prizes of more than \$1,000 are to be provided the winners in the different classes.

Oil field operations reported to State Oil and Gas Supervisor R. D. Bush during the week ended April 7, 1928, show 16 new wells started, compared with 18 during the previous week. Of this 16 notices to drill filed, 5 were for wells in Huntington Beach field, 2 in the Long Beach field, 2 in the Coyote Hills field, 1 in Orange county, 5 in the fields of Kern county, and 1 in the Coalinga field. The total new wells this year is 276, compared with 452 at the same date last year.

The state division of highways last week opened bids on highway projects totaling more than \$1,350,000, and announced that other work which has been advertised for bids to be opened yet this month, reaches nearly an equal amount. Four major projects are included among those upon which offers were read a few days ago. The largest of these is for surfacing 13.3 miles of the Skyline Boulevard between La Honda and Saratoga Gap, with crushed rock. J. F. Knapp of Stockton, with a tender of \$651,381.50, against the State's estimate of \$747,967.50.

California may boast of a new industry soon if the plan of Herbert G. Hills, vice president of the Hills Brothers Coffee company, is found to be practical. The Imperial Valley is particularly suited to the growing of coffee, except in one respect, Hills said. The lack of moisture in the air has spoiled numerous attempts to raise the product there in the past. Hills has invented a process for treating the growing plants so that moisture is supplied to them in just the right measure. He has submitted his process to his chemists and if they report favorably on it, he will establish plantations in the valley as soon as practicable, he said.

CONG. FREE STUMPS OHIO FOR HOOVER

CINCINNATI, Ohio, April 19.—Congressman Arthur Free of San Jose, friend of Herbert Hoover, who champions his nomination for President, addressed the annual congress of Ohio Republican Women here Tuesday afternoon.

The Republicans gathered in the Shrine ballroom of Cincinnati's new multi-million dollar Masonic temple. Some of the best known Republican leaders in the United States were present.

Robert A. Taft, member of the Ohio State Legislature and son of William Howard Taft, United States Supreme Court chief justice, introduced Free to the assemblage.

Mrs. Hugh Clark, one of the most prominent women Republican leaders in the state, who is a candidate at large to the coming Kansas City Republican convention, will support Hoover.

Social as well as political affairs will entertain the San Jose Congressman during his stay. Because of his intimate acquaintance with Hoover and knowledge of important events in his life, Free has aroused much interest.

His visit is expected to do more for Hoover toward his nomination, in so far as Ohio is concerned, than any other event, Republicans declare.

MORELAND GOOD WILL

Moreland Goodwill Club held its regular meeting April --, at the clubhouse.

The board of directors elected Mrs. George Payne president, Mrs. S. E. Johnson vice-president, Mrs. A. V. McCarty secretary, Mrs. O. G. Brown treasurer, Mrs. A. A. Earl director at large.

During the regular business Mrs. H. M. Harriman was chosen delegate, with Mrs. Leroy Anderson alternate, for the San Francisco district convention April 19 to 21. Mrs. F. W. Zettle was appointed delegate to the 27th State convention to be held at San Diego, May 8 to 12. Mrs. S. E. Johnson and Mrs. F. W. Zettle gave splendid reports of the county convention held at the Sainte Claire Hotel.

To compile a history of the club Mrs. A. C. McBride and assistants will have the first ten years, Mrs. A. A. Earl and assistants will take the second ten and Mrs. Gary Holtum and assistants the remaining years of the club.

On Thursday evening April 26, the club, with guests, will enjoy their annual visit to Rosebanks, the home of Mrs. J. E. Weaver. This is an event looked forward to by the club, which in the years past, have held a picnic lunch at mid-day, a picnic breakfast, and will now enjoy the evening meal, taking in the beauties of the different parts of the day and enjoying Mrs. Weaver's most cordial hospitality. Those acting as committee for this are Mesdames Mary Boden, A. C. McBride, Geo. Smith and H. P. Bean.

One more activity is to be a dance at the clubhouse Saturday, April 28. This is to be in charge of Supervisor J. McKinnon, assisted by Mesdames S. E. Johnson, A. A. Earl, Geo. Smith, Leroy Anderson and A. G. Brown. It is hoped to help clear up the debt which was caused by the remodeling and making most comfortable the club building. Tickets including refreshments, 50 cents.

Mrs. Leroy Anderson presented the topic of the day, "Volcan-

First Cherries of '28 Season Grown by Elliot

Cherries from trees in Los Gatos on April 16!

That is the record established this week by Roy Elliot, who brought a tempting box of the fruit to the Mail-News office. The cherries are a Chinese variety of dwarf cherry and quite sweet. The first cherries sent to San Francisco were from Vacaville, on Saturday.

Mr. and Mrs. Elliot, who sold their retail florist business here to O. A. Foster, some months ago, are now engaged in plant research.

"Western Florist," a trade magazine has many compliments for the Elliots in a recent issue. They say: Mr. Elliot is descended from a long line of nurserymen. The original Elliot growers came to America before the Revolutionary War. Some of his cousins and Uncles are in the business today at Rochester and Albany, New York.

"We started in the retail floral business nine years ago," Mr. Elliot said. "The flowers in wife's gardens were so attractive to friends and to people passing we gave away a great many. The next year we decided to sell rather than give away."

The Elliots plan to grow carnations and roses for wholesale trade to take care of expenses, and that includes expenses of research. They feel that weather and soil conditions are right for such work in Los Gatos and the possibilities are almost unlimited.

of Alaska." In her usual clear manner, she showed by map where the peaks are located.

The social hour followed during which Mrs. Bean and Mrs. Grunwell attractively arranged the table with the new dishes donated by friends and members of the club. The always social friendly get-together spirit was thus enjoyed to the full.

Mrs. H. D. Owen and Mrs. Geo. Smith will entertain the club at its next meeting, April 25, at the home of the latter, at Saratoga.

RUSSIAN AUTHOR TELLS OF NATIVE ART

Women in World Activities Detailed

PHILIPPINOS PREFER U. S. GOVERNMENT

J. R. McChesney of San Jose, who has recently made a tour of the world, was the speaker before the Campbell Kiwanis Tuesday. He took as his subject the Philippine Islands and gave a very interesting talk on the people, customs, conditions and government.

The principal products are rice and hemp which furnish most of the employment. The people are of the brown race and many of them are well educated. The climate is very warm and sultry and mosquitos and lizards are plentiful. Manila is made up of three parts, American, old Spanish and native.

In speaking of the subject of independence, he stated that the Philippines will not be ready for independence within 50 years. The cry for political freedom is being raised by a few native educated politicians, who see an opportunity to become wealthy and control the state if the United States lets go, but these same would ruin the country for their own sakes. The native of rank and file is entirely satisfied with America's rule. At present all officers and positions, a Congress of two houses is entirely in the hands of natives and only in certain cases are the departments supervised by an American. The Governor-General has the power to veto a law passed by Congress, but may not even suggest any legislation for that body to enact.

President Merrill announced that Professor Freeland was to speak at the grammar auditorium Monday evening on the Public School System of California. Another attraction will be the high school band that is making such a name for itself. He also emphasized the library fund benefit show which promises to be a real treat.

Miss Helen Kalas has been secured to sing a group of solos, and "Dancing Dan," a new terpsichorean entertainer, who has recently joined the troupe, will make his debut at this time. This show is tonight. Meet me there.

Dr. H. C. Brown, city health officer of San Jose, will talk at next Tuesday's luncheon and Eddie Merrill has the contract for hauling in the short-bits.

REBEKAHS CELEBRATE FOUNDATION DAY

Ada Rebekah Lodge of Campbell tendered the Odd Fellow brothers a basket social Tuesday evening, after their regular session.

A program of interesting numbers was presented, vocal selections were given by Frances Silver, Mrs. J. H. Bachman and Mrs. Henry Guillick; instrumental numbers by Sylvia Silver, saxophone; A. J. Nichols, baritone horn; and Miss Vera Nichols, piano.

Miss Loren Vingard and Mrs. Lucy Smith entertained with enjoyable readings.

The lunch boxes provided a feast of dainties and the male contingent felt that they had been very delightfully entertained and the 109th anniversary of the founding of the order fittingly observed.

Mrs. Mazurova George, who lives on Sunnyoaks avenue, and who spoke to the Country Woman's Club Monday expects that her new book, "The Earth," will be off the press about July. It is being published in Russian at Riga, Latvia, one of the new republics formed after the war.

The Country Woman's Club experienced a busy time Monday getting things in line for the annual meeting, which will take place two weeks from next Monday, May 7.

Resolutions were drawn up and presented, to be acted upon at that time, and the report of the nominating committee given, that also to be considered later.

Last arrangements for the entertainment Friday evening were made and for the entertainment of the County Federation here on April 27.

Mrs. C. B. Field was elected to membership.

The program was in charge of Mrs. H. C. Smith, the subject, "Ways of Life," which means topics of world import.

Mrs. Mazurova George, a Russian lady who, with her husband, has come to live in our community, and who is an author, is a teacher of dancing, of French and other arts, was introduced and talked informally, but very informally of "The Art of Russian Dancing."

She explained the three elements of dramatic expression, elocution, mimicry and motion and showed how we may not have the first two, but that there must be motion. The Russian people are much freer in giving expression to their varied emotions and these are portrayed in their dances, which are not therefore a set form of steps.

Mrs. George closed her talk with a wish that she might be instrumental in creating a better understanding of her country and people by the residents of this valley, saying that there seems to be a more sympathetic feeling among the American people for her countrymen than in European nations. Mrs. R. A. Shearer read a very interesting paper on the life and work of Thomas Hardy, the last of the great English writers of the Victorian age, whose death occurred within recent times.

Mrs. Smith had chosen "Women of the World," as her subject, noting the advances they are making in many new lines of endeavor both nationally and as individuals.

Miss Johnson To Travel Europe

Miss Kittie Johnson of the high school faculty, is planning to leave about May 22, for New York, from which port she will sail for Europe, going first to the Scandinavian peninsula and as far north as Lapland. Then visiting Denmark, she will go to Berlin and later join a personally conducted group of artists and art teachers to Belgium, several German cities and other parts. The company will then separate into three groups, the one with which Miss Johnson will be associated going through Roumania to Constantinople, thence to Greece, back to France by way of the Mediterranean and again to Paris. They will sail from Cherbourg and arrive at Montreal, Canada, in the first week of September.

Scout Head Visits Campbell Boys

O. H. Benson, director of rural scouting of the United States, while attending the National Scout convention in San Francisco, came down to Campbell to meet Willard Loughlin, regional council chief, Cecil Keesling, Editor of the Wild Life Protector, an amateur Scout publication and Spencer Holmes, a Lone Scout booster. The four had about a five hours' conference at which various matters were discussed and plans made for bigger and better Scout work.

Quotations from Hall of Fame

The most delicate, the most sensible, of all pleasures consists in promoting the pleasures of others.

—Bruyerl.

Why all the excitement over companionate marriages? It is only a new name for something that has been practised for years by the majority of intelligent persons.

Rev. John Haynes Holmes.

When the spokesman of a deputation of Southerners said to Lincoln: "We trust, sir, that God is on our side," Lincoln replied: "It is more important to know that we are on God's side."

We must think seldom of our enemies and often of our friends.

—Archibald Alexander.

As a stockholder in any company, I want not profit derived from compromise with right.

—John D. Rockefeller.

The greatest government experiment in human history was universal free education at public expense—and it has been successful.

—Herbert Hoover.

A TREE

I THINK that I shall never see
A poem lovely as a tree.

A tree whose hungry mouth is pressed
Against the sweet earth's flowing breast;

A tree, that looks at God all day,
And lifts her leafy arms to pray;

A tree that may in summer wear
A nest of robins in her hair;

Upon whose bosom snow has lain;
Who intimately lives with rain.

Poems are made by fools like me—
But only God can make a tree.

—Joyce Kilmer.

Now that—Hehbert Hoover had the good fortune to be born in Iowa and educated in California there is very little doubt as to how the Hawkeye-Bears will vote at the coming primary election. Mr. Hoover is one of the most universally popular candidates to be voted on in California regardless of party. As it is, registered Democrats cannot vote for him to help him in his party.

Now that—San Jose City Council grants a franchise to the Southern Pacific for its main line route, Campbell withdraws its offer to take the railroad depot and yards away from San Jose.

Now that—The flood has subsided and the East is finding out that the catastrophe was in the vicinity of Los Angeles and not in the world-famous valley of Heart's Delight, the original Santa Clara valley may prepare for a big influx of Eastern climate hunters. We have IT.

Experiments now being carried on by the bureau of standards at Washington in development of a sugar substitute made from the Jerusalem artichoke promise to make the United States independent of foreign nations for its sugar supply. This is according to Dr. Frederick J. Bates of the bureau's sugar division. Considerable replacement of ordinary sugar consumption and the establishment of a new American industry, manufacture of artichoke sugar, may be the ultimate results of the work being conducted by bureau sugar experts.

Methodist Episcopal Church
W. C. Robins, Pastor

Sunday, April 22—At 7:30 p. m. Mr. J. R. McChesney of San Jose will give an address on "India, a Land of Contrasts." He has seen the things of which he speaks. The choir will bring special music. Brother Bennett and his folks will worship with us. On Sunday, 29th, we worship with them.

At 11—Worship with Sermon by pastor, topic: "Our Heavenly Home." A meditation on life beyond death.

Bible School at 9:45. We have a fine Primary Department, with Mrs. Byrns in charge. Your children will be well cared for. Bible classes for adults. High school students and college and out of school young people.

Our choir with Mr. A. G. Phillips leading, always brings fine musical numbers.

May 6th, 7:30.—They will present a choice musical program assisted by outside talent.

Scouts To Hike

Next Saturday the Wolf Scouts will have their first hike. Meet at the Congregational Church at 9 a. m. Cub Master C. Cutting and Scout Master Bennett will be in charge.

Jerome Pope received his Eagle Badge at the Rotary Club meeting in San Jose Wednesday from the hands of the Chief Scout of America, James E. West.

Mr. Bennett took all the Scouts and Cubs to the Woodrow Wilson School this Wednesday to hear Mr. J. E. West speak. All scout and cub parents are asked to be present at the Big Court of Honor on Sunday April 29 at 7:30 p. m.

The Wolf Cubs are now registered in San Jose. These were the first pack formed and the first to be registered. Will all parents please fill out the forms.

Now's the Time

Tonight's the chance to do your bit for the benefit of your library building indebtedness. Everyone should make an effort to aid in wiping the slate clean of the figures in red. When that is accomplished this beautiful library will belong to you and your community with no outside strings tied to it as is the case with so many libraries in the United States.

Now is your opportunity and obligation.

Campbell Congregation Church
Rev. J. H. Bennett, Pastor

Next Sunday at 11 a. m.—Preacher, Rev. J. H. Bennett. Subject, "Betwixt Easter and Pentecost." Children's Talk, "Kindness to Animals." Anthem by the choir. Everything possible done to make the worship helpful to all needs.

At 6:30 p. m.—The Young people will unite with the Epworth League at the Methodist Church.

At 7:30 p. m.—A union service at the Methodist Church. Speaker Mr. McChesney, subject: "India."

Men's fellowship supper on April 25. Supper at 6:45 p. m. 50 cents. Speaker, Mr. Perry Evans, a very powerful speaker. Subject, "How the League of Nations works." To be followed by a free discussion.

All men must reserve their supper seats at once with Rev. J. H. Bennett. If you have not had a personal note of invitation, this public notice must be sufficient. 120 reservations is the limit.

Self-Regulating Savings Accounts

THE checking account, as everyone knows, is an indispensable aid to the transaction of the world's business. Checking accounts in the American Trust Company are something more than conveniences for paying monthly bills. They can very easily be made to establish savings accounts. Inquire at any American Trust Company office about the advantages of the Self-Regulating Savings Account plan. It saves automatically for commercial depositors and earns four per cent interest, compounded semi-annually.

County Wins at Wild Flower Show

At the annual exhibition of wild flowers at San Francisco recently honors were carried off by the Santa Clara Flower Lovers' Club, which had a table devoted to the rose family, which is a very large one. All of the various berry producing plants and shrubs are of this family. In addition to the rose there are the different berry bushes and so the Santa Clara county exhibition under the direction of Mrs. William Bogen of Campbell was large and beautiful.

Mrs. Charley Derby of San Jose carried off the honors for exhibiting the best rose of the season.

A table that attracted attention was the lily family table. And this included the onion, garlic, etc. Only experts were familiar with the fact that onions and garlic belong to this

He killed the noble Mudjokevis Of the skin he made his mittens— Made them with the fur side inside Made them with the skin side outside He to get the warm side inside Put the cold side, skin outside He to get the cold side outside Put the warm side, fur inside That's why he put skin outside Why he put the fur side inside Why he turned them inside outside.

Town Tales Tersely Told

Mrs. George Morris will spend next week with her daughter, Mrs. G. Stockfelt in San Francisco.

Everett Davis of the navy was home over the week-end with his mother, Mrs. Ethel Davis. He has gone with the fleet on its cruise to Honolulu.

C. J. Stojanovich is building a new six room modern bungalow on his McGlinsey Lane ranch south of Campbell with A. Bar gas as builder.

Mrs. A. Marcia Hall, a former resident of Campbell is here with Mrs. M. J. Palmer enjoying a visit and a much needed rest, as she has been engaged for some time in night nursing.

Mr. and Mrs. L. Genasci left Monday on their trip East. They spent a day at San Luis Obispo with relatives, going on to Los Angeles Tuesday. From Los Angeles they will go to St. Louis and on to New York, sailing to Europe a few days later.

Dr. G. E. Freeland will be the speaker at the Campbell Union Grammar School Monday evening. He will discuss the public school system of California. Special music will be furnished by the Hi school orchestra. No admission charge will be made. Take this opportunity of hearing about your State schools.

Mrs. J. H. Neff and Mrs. Minnie Frisbee returned Tuesday from Los Angeles where they had spent the past several weeks.

Mrs. A. Y. Hoag, who recently purchased property on Kennedy avenue is having a cottage erected there, which she plans for her own use.

Howard Risser of the Peter Pan Bakery, went down to Gilroy last week for a visit with Mr. and Mrs. S. R. Tuttle and Mr. and Mrs. H. C. Tuttle, who are also at their brother's ranch.

Mrs. M. B. Jenkins of North First street, who had been visiting in Long Beach and adjacent cities for several weeks, returned to Campbell last week.

Mr. and Mrs. W. H. Stray motored to Fresno and Bakersfield Monday where they are visiting their son, George R. Stray and wife. They expect to be home today.

The members of the Country Woman's Club, who plan to attend the noon luncheon on Friday, April 27, when the County Federation of Women's Club will meet in Campbell, are asked to notify Mrs. W. H. Stray.

Members of the Congregational choir, with their respective wives or husbands, were entertained at the Manse Saturday evening. Rev. and Mrs. J. H. Bennett, Mrs. E. Mills and Miss Louis Mahan acting as hosts. Interesting games music and a general good time filled a merry evening.

Grammar Operetta

The Campbell Union Grammar School is presenting its annual operetta, "Penny Buns and Roses," on Thursday evening, April 26. It will be a musical fantasy, with beautifully costumed choruses and elaborate scenery.

The story involves a genial Baker, proud possessor of a Magic Oven that does things hitherto unknown to the culinary art. In fact, it has the power of "baking the years away," as it were, from any person adventurous enough to take the chance behind its mysterious doors.

The cast is as follows:
Little Old Wife and Beautiful Damsel Madeline Smith
Little Old Husband and Handsome Young Man Lionel Lenox Jr.
The Gay Gallant Dennis Bennett
The Baker Homer Hyde
Chorus of Bakers
Chorus of Old Men and Old Ladies
Chorus of Beautiful Damsels
Chorus of Pierrots and Pierrettes

The costuming of the chorus has been handled by the domestic science department, the majority of the work being done by 8 B girls. The co-operation of the parents has simplified the work, and the entire production merits the support of the community.

Grammar Notes

The second copy of the "School Pal" came out last week, as good a school paper as has ever been printed. It is well worth the price of 3 cents a copy.

A large number of the boys from the band were taken down to Palo Alto last Thursday to hear the San Francisco Symphony Orchestra. They enjoyed it very much, especially the wonderful skill with which the instruments were handled. Mr. Abbott and Mr. Townner went with the boys.

Wednesday afternoon the Cubs and Boy Scouts were taken into San Jose to hear their national leader, James West. The school bus took them in.

Thursday evening this section of the County Teachers' Association, including Campbell, Los Gatos, Mountain View, Cupertino, Saratoga, Cambrian, Union, Moreland and all schools above Alma met at Campbell Union Grammar School cafeteria for a dinner, served by Miss Farman and also a talk by Thomas McQuarrie. The Campbell Grammar teachers acted as hostess' committee. This is one of a series of meetings being held in different sections of the county.

Los Gatos grammar played Campbell's first team Tuesday afternoon. The score was 5 to 0 in Los Gatos' favor.

Mrs. Abbott Surprised

On last Wednesday evening a group of friends surprised Mrs. Ira Abbot at her home on Alice avenue, the occasion being her birthday. She was surprised to the utmost having had no clue whatever of the affair. The evening was spent playing dutch whist Refreshments were served at a late hour after which the guests declared they had had a most enjoyable evening and hoped that Mrs. Abbott would have many more birthdays.

Those present were: Mr. and Mrs. Richard Saveker, Mr. and Mrs. C. H. Davidson and Sally, Mr. and Mrs. H. H. Singleton, Mr. and Mrs. Carl Stuart, Mr. Paul Singleton, Mr. and Mrs. Clarence Plumm.

Campbell Fifth Place

In the P. A. L. track met held Saturday at the Stanford Stadium Campbell won fifth place totaling 14 points in competition with San Jose, Burlingame, Gilroy, San Mateo, South San Francisco, Mountain View and Los Gatos.

In class B, Maxwell of Campbell won the 220-yard dash time 22.8 secs., a new record. In Class C, Shotput—Sundquist of Campbell, second place.

In Class D—Broad jump, Over-shiner, Campbell, fourth place.

The Ocovasin Campfire Girls of the Grammar School, under the leadership of Miss Elsie Merrill and Miss Helen Stray, will hold a cake, pie and cookie sale next Saturday morning, April 21, at Gilson's Market. Here is a good place to get your Sunday supplies.

GROWERS DISCUSS WATER CONSERVATION

Duval Act of 1927 Explain,d

A Group of prominent land owners of the valley met Saturday evening for the purpose of organizing a water conservation district. Senator H. C. Jones was the principal speaker and explains the provisions of the Duvall Act of 1927. The summary of the act is as follows.

Object: "To conserve and store water by spreading and sinking the same."

WHO MAY ORGANIZE
Fifty or more owners, or owners of more than half of land within the proposed district may propose organization of district by a petition to Supervisors. District may be entirely within unincorporated territory or partly within unincorporated and partly within incorporated territory.

PETITION
Presented to Board of Supervisors by required number of land owners. Proponents of district must put up bond to pay cost of preliminary work in organizing district in case election defeats organization. If election carries then such cost becomes a charge against the district.

ELECTION TO ORGANIZE
Called and conducted by Board of Supervisors. Only land owners vote and every land owner entitled to vote. One vote for each acre of land and owner having less than one acre has one vote. May vote in person or by proxy.

DIRECTORS
Nominated by ten or more electors and voted for at organization election. Petitioners and Supervisors divide district into 3, 5, or 7 divisions, each division to elect a director. Full term of office four years. Pay, \$10 per day attendance at Board meetings and necessary expenses. Also not to exceed \$10 per day when on official business at order of Board. Directors hold four regular meetings per year.

MONEY, HOW RAISED
There is no bond issue. Annual tax not to exceed 15 cents on each \$100 of assessed value, land and improvements. Directors submit estimate of amount of money needed to Board of Supervisors before August 15 of each year. Supervisors levy tax, county tax collector collects it, county treasurer pays upon warrants of county auditor drawn upon order of directors of district. Landowners of district may by majority vote at a special election levy on themselves a special assessment which cannot, however, be more than 30 cents on each \$100 of assessed value, land and improvements. This special assessment would be in addition to the tax levied by Directors and Supervisors and for the current year only.

Some Pressure

Have you noticed the pressure of the water this week? Sure, could hardly hold the dipper to get any water at all. Blame Ralph Hyde then. He had that big pressure tank put up there with that very idea in mind. He wanted you to get a plenty. Now you got it, why kick. But isn't it fine to know that you can get a good steady flow of water and save time getting it? Water was turned on through the new system Tuesday and the management has had many words of commendation for "its improvement."

Pleased to Inform

Postmaster Smith is in receipt of another letter from people in the East asking about their relatives and whether they were lost in the flood. He has taken particular pains to emphasize the fact to these friends that as the flood was just out of Los Angeles and 450 miles from the beautiful Santa Clara valley, all here is still very delightful.

Steve Sunquist, who conducted a very successful cleaning business here under the firm name of the Clean Cleaners, which he was forced to close owing to the new law put through by the larger cleaning establishments, went to Santa Cruz Saturday, where he had been offered a very good position.

For Service, Phone 1129

The voice path to your home

INTO the modern home of today two pathways lead. The footpath, always a necessary avenue of entrance and exit—but more convenient and accessible is the voice path—the telephone.

For telephone service is universally accepted as the most personal, convenient, reliable and economical means of communication with others nearby and in distant places.

And more, adequate telephone service in the home saves countless steps and valuable time for the housewife, is an aid in emergencies, a protection in danger and a convenience and pleasure to every member of the family.

Call our business office today and order your telephone or that extension to make your present telephone service complete.

BEACONS FOR NIGHT FLYERS

As an aid to aviation and the development of night flying, the Standard Oil Company of California is building what will be the two highest powered incandescent electric beacons in the country—one to be placed on the summit of Mt. Diablo near San Francisco Bay and the other in the Merced Hills, Los Angeles. These beacons will develop ten million candlepower and the flashing beams from them will be visible to aviators for between 100 and 150 miles. The company has taken this action at the suggestion of the United States Department of Commerce, the Airways Division of which is now engaged in installing lights to mark the airways from Los Angeles to San Francisco and from Los Angeles to Salt Lake City. The Department of Commerce is also projecting a series of lights northward and eastward from San Francisco, as indicated in the chart above. These official airway lights are set at frequent intervals and are of three million candlepower each.

The government will give the light Mt. Diablo the official designation "SD," standing for "Standard Oil," and "SL," signifying "Standard Oil of California," for the light in the Merced Hills.

Light for this type of beacon, by the Sperry Gyroscope Co., is shed by large 1500-watt incandescent lamps especially manufactured for the purpose. The reflector and lens of the beacon are 36 inches in diameter. The light is equipped with an ingenious device holding two of the incandescent lamps—one directly in front of the focal point of the reflector. In the event of this lamp burning out the second lamp is automatically thrown over to take the place of the one that has gone out. This is done almost instantly so that there is no interruption in the operation of the beacon. The beacon itself makes six complete revolutions per minute. An automatic astronomical clock turns the beacon on at sunset and off at sunrise. This clock automatically compensates for the constantly changing hours of sunset and sunrise.

The beacons will be mounted on 75-foot steel towers. The symbols SD and SL will be hung on the side of the towers as a mark of identification in letters twelve feet high outlined in neon lights.

These lights complement the existing system of daylight airway signs which the Standard Oil Company maintains at some 500 points on the Pacific Coast. These signs are painted on the roofs of its warehouses and give the name of the town in which located. They can be read by aviators at a height of several thousand feet.

One of the 30,000 California women who cook with electricity

The morning shower refreshed the air. Warm sunshine has dried the grass. It is an afternoon to be outside. Friends are coming for dinner—four people beside the family! And this woman is spending the afternoon in her garden.

She uses an electric range. The whole dinner was placed in the oven at one o'clock. At four, the electricity turned on and started the meal cooking. A Temperature Control keeps the oven at the proper temperature. At six, the current will turn off. The insulated oven will keep the meal warm until dinner is served.

That is the freedom you'll enjoy with electric cooking.
Why don't you eliminate the monotony of preparing meals by using an electric range? You can see them at our office.
